Claudia M^a Valverde
On behalf of

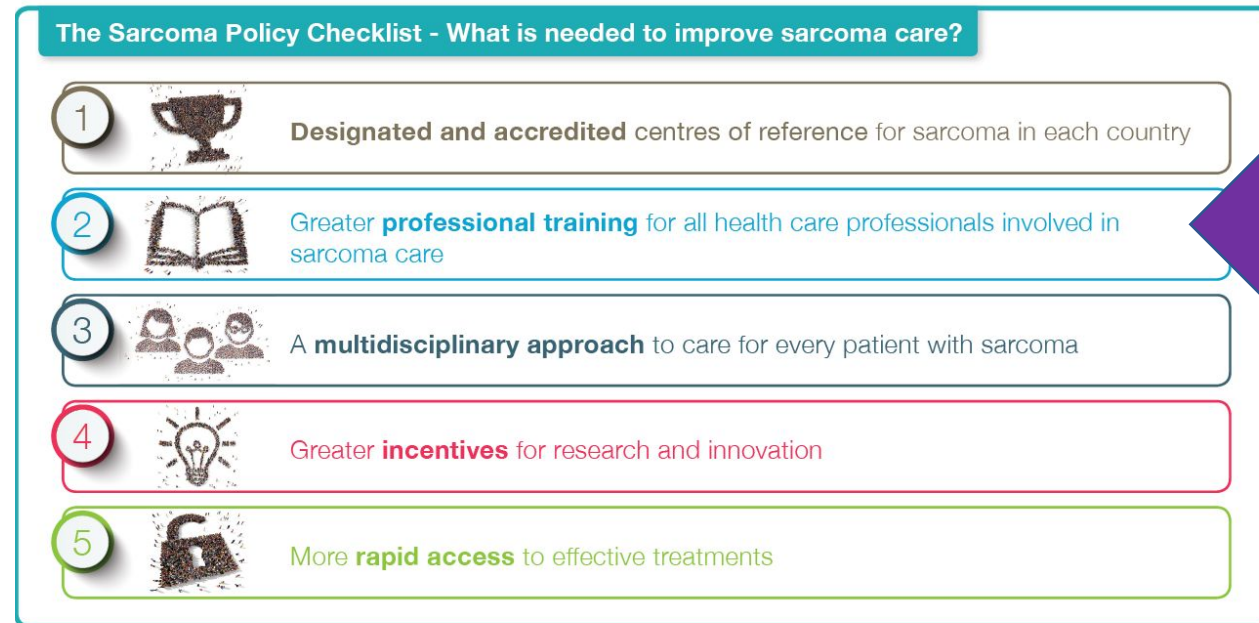

SELNET WP5 CONTINUING MEDICAL EDUCATION

- WorkPackage tasks – objective

To cover the unmet need for CME specific in sarcoma in a feasible way and help creating a real operative consulting network

SELNET WP5 CONTINUING MEDICAL EDUCATION

OBJETIVES:

- 5.1 To promote sarcoma seminars, workshops, and national symposiums
- 5.2 To introduce an advanced course and a master course in sarcomas in Latin America
- 5.3 To carry out clinical and translational trainings in consortium hospitals

WP5: CONTINUING MEDICAL EDUCATION- GEIS

1. Promote seminars/workshops/national symposiums

SELNET can help in the DIFFUSION of EDUCATIONAL OPPORTUNITIES/events:

- Mailing to SELNET members
- Website (<https://selnet-h2020.org/events>)
- Social Networks (WP9)
- Newsletter Red Iberoamericana de oncología (SEOM)

The screenshot shows an email interface on the left and a webinar advertisement on the right. The email header includes 'VIII Selnet' and a subject line 'PROGRAM'. The advertisement is for a 'SELNET pathology webinar' on Tuesday 13th December at 16:00 (CET). The topic is '“NTRK rearranged sarcomas: fact or fiction?”'. Speakers include Dr. Marta Sbaraglia from University-Hospital of Padova, Italy, and the event is chaired by Prof Paolo del Tes. Free registration is available at martamartinruiz@atbsarc.org. The advertisement also features the SELNET logo, the European Union flag, and a row of national flags. Below the advertisement is a calendar for April 2022, showing dates from 20 to 26. At the bottom, there is a logo for 'Red Iberoamericana de Oncología' and a banner for 'MENSUAL OCTUBRE 2022'.
