SELNET WP4/ CPGs - CLB

2/ To regularly update these CPGs in order to integrate the emerging scientific evidences

Post-SELNET activity

- **Scientific watch by sarcoma experts** to update the guidelines
- **Updates** every 2 years / if any practice-changing evidence emerges
- **Participation of SELNET national representatives**
- **Validation by SELNET members during regular meetings**

Today

3/ To stimulate the implementation of these CPGs within the consortium

4/ To propose the adoption of these CPGs as reference guidelines at the national level in each country of the consortium

➤ Discussions with/within each LATAM partner were initiated in 2020

- **Adaptation of the guidelines to the real-world situation in each country**
 - **Definition of the best strategy to have these guidelines adopted**

ADAPTATION

- Set up a multidisciplinary WG
- Review and adaptation by WG
- Review by medical societies
- Final version available
- Translation into local language
- Contact with regulatory entities

ADOPTION

- Set up a final consensus meeting
- Face-to-face preferred, remote if necessary
- Attendees:
 - SELNET SCo (JMB, PC, JYB)
 - Medical societies, Health provider(s), Associated centers, Regulatory bodies

DISSEMINATION

- Use relevant means of dissemination
- Journal for publication
- Official publication from governmental body(ies)
- Medical societies
 - Websites & Newsletters
- ...

Country-by-country updates

- Publication of the guidelines in December 2023

Argentina
